# Hako technical specification

# MDD has a leading position among manufacturers of office furniture with many awards that prove quality and continuously increase demand for it's products.

The realities of today's market require constant quality improvement at all levels of modern organization. This applies in particular to customer service, marketing, quality of products and also to quality of processes within the company. Partnership relations among employees and with business partners form a base of economic growth and success of the company.

Constant investments in innovative machinery park, optimization of managment systems and an expansion of production halls allow to minimize the lead times for the product of the highest quality.

More than twenty years of experience in office furniture industry come with reference from a long list of companies and institutions to show their appreciation for an efficient and comprehensive service.

MDD is higly aware of the environment.

Being located in the forest region with lake by its side, MDD takes the nature seriously and invests constantly in a modern and energy-efficient solutions to preserve the local life. Company puts emphasis on waste segregation and recycling. MDD has been awarded for the exceptional care and involvement in waste disposal. All materials used are environmentally friendly and enjoy a high 95 % rate of being recycled.

# **General informations:**

# Warranty:

MDD products - **5 years**. Electrical components and fabric - **2 years**.

# Certyficate - MFC:

#### Certyficate - fabric:

#### Assembly:

product delivered in separate elements

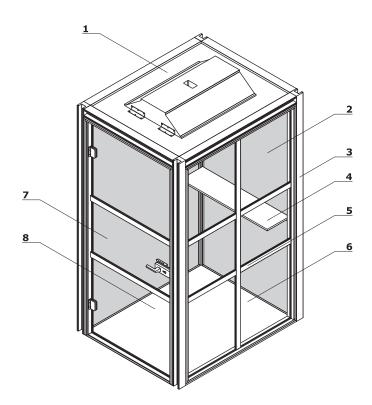

#### Packing:

wooden crates; separate elements situated on wooden racks; panels protected by a foil

# **Boards density:**

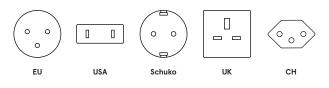

12 mm - 690 - 750 kg/m3 18 mm - 650 - 690 kg/m3 28 mm - 610 - 630 kg/m3 36 mm - 610 - 630 kg/m3

#### Office booth Hako

- Ceiling upholstered, equipped with lighting and ventilation system (adjustable ventilation speed)
- 2. Upholstered wall full, 75 mm thick, upholstered on both sides, acoustic properties
- 3. Columns 75x75 mm, powder coated
- 4. Shelf 12 mm MDF, colour: black, can be mounted only to upholstered walls with 1000 mm width
- 5. Aluminium strips 5 mm thick
- 6. Glass wall toughened glass, 6 mm thick
- 7. Glass door toughened glass, 8 mm thick, equipped with hinges and gasket system that extends the acoustic properties of the booth
- **8. Floor** melamine plate + acoustic covering (21mm thickness), colour: graphite option with additional fee

#### Electric systems available:

#### Additional information:

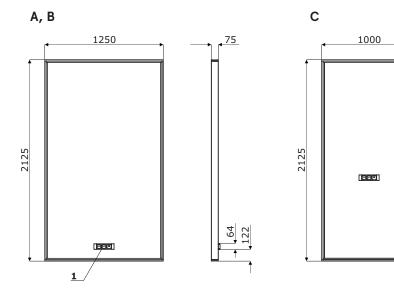

- walls the highest class of acoustics
- certificated Sonic technology used in acoustic panels
- air function fans work for additional 5 minutes after leaving the booth
- LED SLIM panel, 60x60 cm, external power supply; 40W, 3200lm, 4000k, 220-240V AC, 120', RA>80, PF>0.9, white, STANDARD LINE

Attention! In standard the booth has no floor what allows, among other things, situating the booth in any place as well as easy cable management.

# Mediabox - dimensions (mm)

- 1. Mediabox 2x230V + 1xUSB + 1xUSB type C
  - A on the left wall near the floor
  - **B** on the right wall near the floor
  - C on the shorter wall above 740mm height

75

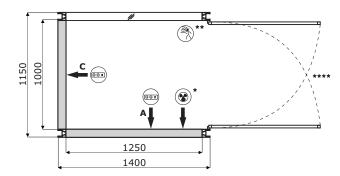

- 1. Mediabox 2x230V + 1xUSB + 1xUSB type C
  - A on the left wall near the floor
  - $\boldsymbol{\mathsf{B}}$  on the right wall near the floor
  - C on the shorter wall above 740mm height
- HK01 (possible configurations: A, C, AC)
- HK04 (possible configurations: A, B, AB)
- HK021 (possible configurations: A, B, C, AB, AC, BC, ABC)

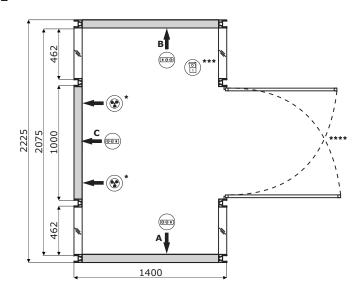

#### Legend:

- fan (located near the floor) Attention! It is suggested not to block fans to ensure the proper airflow rate
- \*\* motion sensor
- \*\*\* wireless light switch which can be situated in any place
- \*\*\*\* left / right door option
