

Com

CV

Com is a model characterized by lightness, durability and multifunctionality. With the refined geometry of the seat shell, it is also very comfortable. This chair designed by Paul Brooks is perfect for auditoriums, meeting rooms and canteens.

Collection features:

- five types of bases allow any configuration
- the collection is completed with a barstool on a metal wire frame
- the square shape of the shell has four finishing options: plywood, with upholstered seat pad, with seat and backrest pad or fully upholstered
- the shell can come in different finishes: lacquered plywood, lined with natural veneer or HPL laminate which is scratch resistant
