LightUp

250

The chair designed by ITO Design studio is versatile, simple and compact. With its low backrest, it is ideal for both home and office spaces. Features such as durability, functionality and good value for money make the LightUp one of our most popular models with customers.

Collection features:

- the backrest comes in two variants: mesh and upholstered.
- two colours of the plastic finish and 3 colours of the base open up design possibilities.
- also available as a hocker with footrest
- option with jacket hanger also available
- consists of a very small number of components and is 95% recyclable
- Blue Angel certificate - confirms that our chair is environmentally friendly
- Möbelfakta certificate - a guarantee of durability, safety, environmental care and social responsibility during the production process
