

**UseMe** — Innovation by vocation. Winner of the most prestigious international prizes, the Good Design Award and the Red Dot Design Award, UseMe is a system of multi-functional tables with a unique and cutting-edge design. Minimalist and understated lines shape a strategic small furniture item for the optimisation of space and comfort when using contemporary devices. The top, with possible slant of 30°, has a support system which ensures optimal visualisation of the screen in an ergonomic position.

## 100% VERSATILE

---

UseMe is a system of versatile tables by Sitland with a minimalist design but produced with high-tech materials.

Use Me table merges design and all-purpose use: perfect for hotel and lounge areas; suitable in restaurants and cafeteria; perfect at home, in the offices and training rooms. In the version with "pad system", inclining the top of UseMe, an elegant and discrete support system comes out automatically permitting the use of tablets, smartphones, books, writing pads.

## SELF-ADJUSTING MECHANICS

---

The inclination of 30° of the table allows a better vision and a more comfortable and correct working position. The top of Use Me may be closed in the vertical position and then stocked: 10 tables in 1.50 m depth.

Use Me is available with or without castors and it comes in many different colours and finishes.

## APPLICATIONS

---

Office: UseMe is a comfortable support to complement the desk but also a location of informal employment.

Training: useful in training classrooms where space is limited and requiring flexibility.

Hotel: in the lobby of the hotels, as a support surface during waiting periods or in the rooms as a workstation.

Airport: in the lounge areas of airports to use your tablet or PC before a flight.

Cafeteria: as a side table for a quick break.

Home: at home as a service table in the kitchen or in the children's rooms but also in the living room to read a magazine or work comfortably in a sofa.

Moebius by STARCK® castors kit: hollow lime green with white support, ø 65 mm

Moebius by STARCK® castors kit: hollow fuchsia with white support, ø 65 mm

### ANTI-TILTING FEET ONLY FOR USEME ADJUSTABLE IN HEIGHT

---

UseMe height-adjustable can be supplied with a kit of anti-tilting feet to increase the stability of the table.

## Pad System and horizontal stacking

### PAD SYSTEM

In the version with Pad System tilting the table top by 30° automatically activates a support system which allows you to use tablets, smartphones and any other object on the surface.

The 30° tilt of the table top ensures proper ergonomic posture while minimising reflection and allowing the user to assume a less hunched over position for more comfortable visual activity.

The UseMe table top can recline to three positions: 0°, 30° and 90°.

UseMe can be opened to 0° when necessary and easily folded to 90° to store it away in a limited amount of space: 10 tables in a depth of just 1.50 m.

### HORIZONTAL STACKING

UseMe can be opened to 0° when necessary and easily folded to 90° to store it away in a limited amount of space: 10 tables in a depth of just 1.50 m.

**PCON.PLANNER**

---

It is possible to configurate our model UseMe by using pCon.planner program for the design of 2D an 3D environment.

pCon.planner allows to design working solutions in a fast and intuitive way, creating "realistic" images with advanced features, with a considerable saving of time and resources.

It is easy to start using pCon.planner: after downloading the software in the proper page, it is possible to download pCon.catalog, the practical online catalogue of products ready to be set up according to anyone's need, and then include the products in the projects.

For more information on the use of pCon.planner and the access to the products of the Sitland's catalogues, please contact [com@Sitland.com](mailto:com@Sitland.com)

**WARRANTY**

---

UseMe has 5 years warranty.  
For any further detail, please contact Sitland's customer service at [service@Sitland.com](mailto:service@Sitland.com)
