

Tov — Clean design, with contemporary understatement and distinctive appearance. Equilibrium of shapes and perspectives. Tov, Dorigo design, is the collection of tables for every type of space which can be integrated seamlessly in any contexts, from office to contract and the home. Available in two different heights, with contrast base and top, the Tov collection symbolises a tribute to the eternal beauty of design details.

CLEAN DESIGN

Tov table is a functional and minimalistic interior design element.

It is available in different sizes and finishes for your individual choice.

Laminate with natural wood finish

Fenix NTM® white colour

Fenix NTM® black colour

Fenix NTM®

FENIX NTM® is a super opaque interior design material providing state-of-the-art technological performance thanks to its surface characteristics.

PROPRIETÀ FENIX NTM®

	Low light reflectivity, extremely matt surface		Lightfastness		Mold-resistant
	Thermal healing of microscratches		Excellent intensity and colour depth		Hydro-repellent
	Resistance to scratches and abrasion		High resistance to acid solvents and household reagents		Resistance to impact
	Hygienic		Anti-fingerprint		Resistance to dry heat
	Easy to clean		Soft touch		Rub resistance
	Antistatic		Enhanced anti-bacterial properties		Self-supporting
	Dimensional stability even at high temperature changes		Suitable for contact with food		

FENIX NTM® CERTIFICATIONS

 **NSF**
NSF certifies that the material is suitable for contact with foodstuffs. With its Head Office in Ann Arbor, Michigan, NSF International is an independent international organisation for technical and scientific consultancy in the health and safety sector. NSF registration guarantees users that the formulation and composition are compliant with food safety regulations.

 **GREENGUARD IAQ - INDOOR AIR QUALITY**
Greenguard IAQ - Indoor Air Quality certification ensures that products designed for use in indoor spaces meet strict chemical emission limits. Greenguard IAQ is an independent, not-profit organisation that verifies and certifies the low level of chemical emissions of products and is an international benchmark for many sustainable building programmes.

 **SUSTAINABILITY**
Long-lasting. Furniture coated with FENIX NTM® is very hardy and a long life means less waste, more efficient use of resources and greater global energy saving. In other terms more environmentally-friendly.

 **DISPOSAL AND RECYCLING**
FENIX NTM® is not a dangerous product: it is made of paper and thermosetting resins. At the end of its life cycle, it can be burned in authorised urban waste incinerators or used as energy recovery. Residual ash can be treated as solid urban waste (EAK Code 120105).

PCON.PLANNER

It is possible to configurate our model Tov by using pCon.planner program for the design of 2D an 3D environment.

pCon.planner allows to design working solutions in a fast and intuitive way, creating "realistic" images with advanced features, with a considerable saving of time and resources.

It is easy to start using pCon.planner: after downloading the software in the proper page, it is possible to download pCon. catalog, the practical online catalogue of products ready to be set up according to anyone's need, and then include the products in the projects.

For more information on the use of pCon. planner and the access to the products of the SitLand's catalogues, please contact com@sitland.com

WARRANTY

Tov has 5 years warranty. For any further detail, please contact SitLand's customer service at service@sitland.com

MORE INFORMATION

Sitland spa reserves the right to make modifications and improvements of a technical or aesthetic nature to the products at any time without notice.

Photos and colours shown are used for reference only and may look different in reality.

Please refer to the Price list in force and to the General sale conditions for the colours and the combinations available for every single product.

For any further information, please contact our Customer Service at service@sitland.com
